

Art and Design

Progression of courses in Art and Design

N2 Creative arts

The Course provides an opportunity for learners to experience a range of creative art forms and to explore and express personal thoughts and ideas through creative work.

The aims of the Course are to enable learners to:

- demonstrate an awareness of the range of creative arts
- work imaginatively and develop individual creativity
- communicate thoughts, meaning and ideas through creative work
- demonstrate skills in using techniques, processes, materials and media to produce creative work
- use media and technology as part of the creative process

N3 Art and Design

The purpose of the Course is to provide a broad practical experience of art and design practice and related knowledge and understanding. The Course encourages learners to experiment with and use a variety of art and design materials, techniques and/or technology. The Course offers learners opportunities to develop their practical skills at a basic level by communicating their thoughts and ideas when creating expressive and design work.

The aims of the Course are to enable learners to develop skills in:

- experimenting and using art and design materials, basic techniques and/or technology to produce expressive and design work
- communicating thoughts, feelings and ideas through their expressive and design work
- developing a basic knowledge and understanding of an artist's and a designer's work and practice
- identifying areas for improvement when reflecting on own work
